MAKING A DIFFERENCE IN YOUR WORLD

Project & Job Management

MX-ProjectManager on Demand is designed for companies that provide projects or professional services. Whether you are an engineering firm or a professional services company, MPEX Business Solutions offers integrated solutions that will automate and optimize your front and back office operations.

MX-ProjectManager on Demand will take your project management to a whole new productive level by integrating Employee TimeSheet, mobile data collection and your own computer. You will now be able to save thousands of dollars annually.

MX-ProjectManager is a complete job costing software that will simplify the control at each phase of the manufacturing cycle while maintaining links with most ERP software for production management.

FEATURES

- Project & Job estimation and budgeting ;
- Work order & task management ;
- Management of job costing benefits ;
- Wide array of production reports ;
- Automated links with several accounting packages ;
- Import from external sources ;
- Export to external sources.

MX-ProjectManager harnesses the cloud

MX-ProjectManager let employees punch in and out on their own computers, smartphones or tablets, because it's an integrated time-management system on the web wholly independent of your data collection terminals.

MX-ProjetManager has been designed to manage real-time production, notwithstanding the data collection method used.

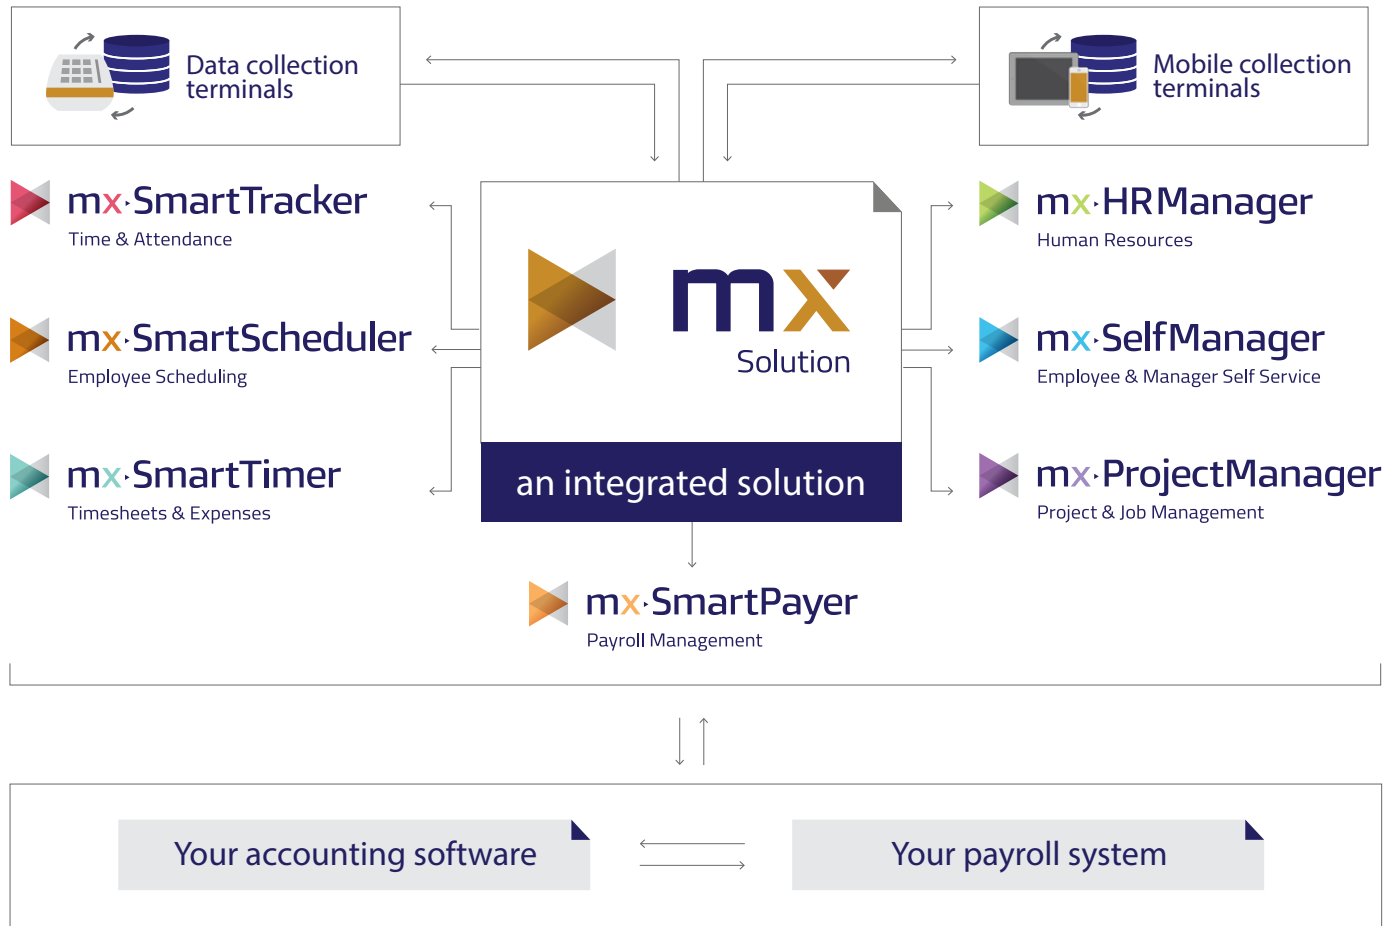

To cap off these great assets, MX-ProjectManager also runs from anywhere on the web, at anytime, and is fully integrated to the Employee's Self Service and the SmartTimeSheets.

Save thousands of dollars annually

Our other products

MPEX Business Solutions offers a wide range of productivity and workforce management business solutions.

Workforce on demand

Whether your payroll consists of 50 or 5 000 or just a few employees, our integrated solution for Employee Time Sheets & Expenses, Employee Scheduling, Time & Attendance, Project & Job Management or Human Resources, is designed to help companies of all sizes efficiently manage their internal Workforce processes.

With MPEX, only one database is required to manage your entire workforce Management Information.

Avoid duplicated data entries with only one location where you can find all the employee profiles and data you need, from anywhere at any time, from MX-Solution in the cloud as a service (SaaS).
